

### **Kindergarten Resources for Parents and Carers**

The '[Helping your child with literacy and numeracy at home](#)' booklet has been created for parents, carers and families of children in the early years of school. The activities in the booklet are designed for parents to support their child's first year of learning at school. They are fun and engaging and are linked to key foundational early learning skills.

The activities cover the areas that are assessed in the Best Start Kindergarten Assessment.

Practical games are included in the following areas:

- Speaking and listening
- Reading
- Drawing and writing
- Numbers and counting
- Adding and subtracting
- Identifying and creating patterns.

This booklet is available at '[Helping your child with literacy and numeracy at home](#)' link via the school website and newsletter providing an on-demand opportunity to:

- download the booklet to your computer at home
- listen to the booklet audio recording
- watch videos created to support the booklet

In addition, the [Handwriting in the early years guide for parents and carers](#) provides guidance and activities for children in the early years.

You can access these resources via the [literacy and numeracy resources for parents and carers webpage](#).
